

## **SERVICES**

**The Alamosa Fire Department answers an average of 215 per year. Calls ranged from fires, automobile accidents, and smoke and odor investigations, carbon monoxide alarms to false alarms.**

**The Department also provides Fire Prevention education for children in the schools in our community. We also provide fire prevention and safety programs to business and other organizations throughout our community. We do fire inspections for business, day care facilities and residences. The department hosts several station tours each year. Students from across the valley tour our facilities to learn about fire prevention, firefighting and our equipment.**
