Construction Water Meter Rules and Fees

1. Deposit will be required when the account is set up in the name of the job site contractor. Upon completion of the construction project, or the removal of the meter, whichever comes first, the user shall be responsible for all payment of usage charges. Non-payment within ten (10) days of due date shall result in payment being charged against the deposit and the balance due billed or the balance of deposit refunded to user.
2. The applicant is responsible for the temporary water meter, and will be required to pay for any repair or replacement necessary.

Fees

Meter Size	Deposit
¾"	\$150.00
1"	\$250.00
1 ½"	\$350.00
2"	\$550.00
