***Update on Pavement Marking Project***

RoadSafe, the contractor CDOT contracted to complete the Highway Marking Project will be setting up detours on Sunday morning, March 29<sup>th</sup> in order to apply pavement markings on US160 and US285 in areas where large trucks cannot make it through if one lane is closed.

The first detour will be on 4<sup>th</sup> Street for westbound US160 traffic. The second detour will divert traffic turning from westbound US160 to southbound US285 to the La Veta Avenue. Only one detour will be in effect at a time.

Thank you for your patience as this project gets completed.
