Peyton's Play Ball! Park

On June 30, 2018, the San Luis Valley community came together with The Colorado Health Foundation, KaBOOM!, City of Alamosa, and Kiwanis to build a playground in one day! Over 170 volunteers came out the Lee Fields and installed a new playground that was funded by The Colorado Health Foundation and lead by KaBOOM!. The City is beyond grateful for this new first ADA park that was named in honor of local youth Peyton Sanchez. The park is currently open and we hope the community enjoys this awesome new play space for many years.
