Request For Proposals: City of Alamosa Seeks Community Solar Project Developer

The City of Alamosa is seeking community solar energy developers with current project awards under *Xcel Energy's Solar*Rewards Community program* that have current capacity to subscribe the City of Alamosa's accounts in Alamosa County.

All of the following criteria must apply:

- Must hold a current project award from Xcel Energy under the Solar*Rewards Community program
- Project must be located in Alamosa County, or an adjacent county (Saguache, Huerfano, Costilla, Conejos, Rio Grande)
- At least 250 kW-DC of capacity available in the project

All responders must provide the following:

- Cover letter from an authorized individual.
- A description of the firm, its background, and present location of business.
- A statement of qualifications to demonstrate capability and experience.
- Proof of current project award in the SRC program and location of project.
- A complete proposal, including pricing structure offered.

The City of Alamosa will be accepting responses until March 31, 2019. Respond directly to Harry Reynolds, Interim Public Works Director, at hreynolds@ci.alamosa.co.us or 719-589-6631.
