State Avenue Ribbon Cutting

Alamosa, CO – The City of Alamosa would like to invite the community to join us in celebrating the reconstruction of State Avenue on Friday, December 9th at 2:00 pm at the corner of State Avenue and Twelfth Street.

In 2019, Alamosa City Council proposed a ½ cent dedicated street tax in order to improve streets within the city that desperately needed reconstruction. The price tag to improve these streets was so high, City Council knew this dedicated street tax was needed. A streets committee, made up with residents from each of the different wards, was then created in order to identify and prioritize streets for improvement. Since the tax was passed, the City has also been able to reconstruct First Street and overlay Fourteenth Street from Hunt Avenue to Old Airport Road and on Twelfth Street from Ross Avenue to Old Airport Road. Victoria Avenue and La Veta Avenue are scheduled for Spring 2023.

The City is grateful to be able to use this dedicated street trust fund to improve the quality of our roads and are thankful for the support of the community. We also appreciate the hard work and dedication of our City staff, especially our Streets Department, Water and Sewer Department and Public Works Department. Without them, these projects would not be possible. We appreciate the partnership from Reynolds Engineering/Design, Gardner Excavating, Alcon Construction and ACI who made this project a success.

Please visit our city's website at <https://cityofalamosa.org/alamosa-streets-trust-fund/> or contact our Public Works Department if you would like to review the list of streets that are scheduled to be improved.
