

## St. Benedict Campsite

### *Monthly Volunteer Clean Up Details*

In partnership with the residents at St. Benedict Campsite and La Puente Outreach, the City of Alamosa is coordinating monthly volunteer cleanups the **3rd Friday of each month at 2:00 p.m.** Weather conditions may warrant cancelling an event and will be announced through the City's facebook and twitter accounts.

Volunteers will be asked to sign a liability waiver form and should bring protective equipment such as durable closed-toe shoes and protective gloves to protect against sharp objects. Sunscreen is also recommended. Trash bags and sharps containers will be provided. A Community Service Officer will be present during the events.

The campsite is broken up into "lots" and residents have been asked to clean up their area so their items are not mistaken for debris. Volunteers should focus their efforts on areas where it is clear that the lot is not being used or trash on lots that are far away from the living structure.

Interested volunteers can contact La Puente Street Outreach at 719-496-1230 with any questions or simply show up the 3rd Friday of the month at 2:00.
